

St Peter's Wynnum – Wardens' Warbling

November 2020

St Peter's is where you find the face of God in the people you meet.

I ask you to reflect on this. Pray on this. How can I be the best I can be? Am I being authentic?

Christian Generosity and

Wise Stewardship

The Power of Gratitude

The Motivation of Love

These four concepts are intrinsically linked and are present in all of us called to Worship God as part of our community. We do this through; Living a life of gratitude, Giving thanks every day, Giving of ourselves, not for ourselves, Being wise and not frivolous with our resources, Finding joy in the everyday and being Centred in the reciprocal love given by our Triune God.

Galatians 4

'God has sent the Spirit of his Son into our hearts.'

Finding Christ in our everyday communities

We evidence this and live out our Christian Generosity by giving and supporting through;

Prayer

Pete's Pantry

Pandora's

Monday Hub

Plus a range of other inreach and outreach programmes and activities.

We are being wise in our stewardship of our resources. This year we have been researching how we can do better and be smarter in managing our Parish precinct. There are a number of projects being developed ready to be endorsed and put into action. Such as;

LED lighting project

Solar panels project

Sustainable gardens project

Efficient Air Conditioning

We can encompass this as living a life of servant leadership. Seeking The Fruits of The Spirit (Galatians 5:22) as our motivation and guiding source to live our lives.

Prayer

Crucified Christ,

I pray that you will give me all the insight, courage and love I will need today, to know you in the communities of which I am part.

May others also see something of you in me.

Amen

(Wayne M Elliott 2016)

L'Chaim,

Wayne
