Home Stay Retreat

Travel with your tastebuds.

Be adventurous at home.

Plan a weeks meals with each day from a different country or culture. Give thanks and be grateful to serve with joy the food we prepare for others. If you are receiving your meal, give thanks and eat with joy and gratitude.

How did Trinity Sunday speak to you?

Have you prayed for trust and faith to be both your Soul's inner peace and your mind's strength?

I have enclosed an Inspiration given to a chronic pain group. I was given this in March at a time when I was having challenges. My fatigue levels were taking their toll on me. My ongoing medication can have emotional side effects. Plus it does reduce my muscle mass therefore bodily strength to carry out day to day life. Robyn supported me. It was the beginning of enforcing isolation. The normal we knew, family, business, Church changed in the blink of an eye. Robyn and I are both studying as well. I had to defer my study.

The time wasn't right to fully comprehend the message in this Inspiration. Now it is. Over many years I have witnessed the work of the Evil one trying to stop and destroy our good works and actions. Faith, love and pray have the power to overcome. I pray that this gift my help you or someone dear to you.
